

ICC YAF – ASA BELOW 40: A COMPARISON OF THE NEW ICC RULES, THE LCIA RULES AND THE SWISS RULES: AND THE "WINNER" IS...?

Online event – 21 January 2021 (12:30 – 13:45 CET)

Recent modifications of the ICC and LCIA rules introduce some notable amendments and innovative features. The latest updates made by these rules also address new pandemic-related concerns and recognise the increasing use of technology. In this race to address and satisfy arbitration users' concerns, how can other arbitration rules, such as the Swiss Rules, play their card right to remain at the vanguard of arbitration rules. ICC YAF and ASA below 40 are delighted to invite you to an exciting discussion on this topic.
